APPLICANT’S MOTION TO AMEND APPLICATION

Applicant Delta Electronics, Inc., by its undersigned attorneys, states that the parties have reached a settlement in this proceeding contingent upon, among other things, amendment of Application No. 85/675533 and hereby moves for an order granting amendment of the identification of goods in Application No. 85/675533 for the mark DVCS stylized (the “Application”) as set forth below.

The Application currently identifies the following goods in class 9:

Video graphics display control and management systems comprising Video decoders, Audio decoders, Video and audio processors, Video and audio signal transceivers, Electronic switchers for video and audio signals, Network hubs and switchers, Electronic interconnecters for video and audio signals, Power conversion devices, Flat panel display screens, Multimedia projectors, Matrix distribution controller for video and audio signals, and the Management computer software thereof

Applicant seeks to amend the goods in the Application to read:

Video graphics display control and management systems comprising Video decoders, Audio decoders, Video and audio processors, Video and audio signal transceivers, Electronic switchers for video and audio signals, Network hubs and switchers, Electronic interconnecters for video and audio signals, Power conversion devices, Flat panel display screens, Multimedia projectors, Matrix

distribution controller for video and audio signals, and the Management computer software thereof, all of the foregoing for industrial or professional use and not for consumer use, where the software is adapted exclusively to the foregoing system without separate distribution

Below, for clarification, is a red-lined version of the proposed amendment:

Video graphics display control and management systems comprising Video decoders, Audio decoders, Video and audio processors, Video and audio signal transceivers, Electronic switchers for video and audio signals, Network hubs and switchers, Electronic interconnectors for video and audio signals, Power conversion devices, Flat panel display screens, Multimedia projectors, Matrix distribution controller for video and audio signals, and the Management computer software thereof, all of the foregoing for industrial or professional use and not for consumer use, where the software is adapted exclusively to the foregoing system without separate distribution

Applicant submits that the parties have reached settlement in this proceeding contingent upon, among other things, amendment to Application 85/675533. Applicant respectfully requests that the Board accept the amendment to Application 85/675533.

Dated: February 26, 2014

Respectfully submitted,

Delta Electronics, Inc.
